1973 Almost Imperf Between Error

Scott No. 1504

Almost imperf between horizontally, this pair of stamps is as close as you can come to being an error (which would retail for over $350.00 per pair) as you can come. This isn't a true error due to what are called blind perfs (these are faint perforation marks that barely show but do not cut the paper) but it is the next best thing. We have only a limited number of pairs in VF-NH condition which will be sold on a first come, first served basis.

Order No. 8-361 Blind perf pair: $45.00

NICARAGUA TEN COMMANDMENTS

Scott No. 890-8 + C776-7

This set of stamps will act as a perpetual reminder that stamp collecting is next to godliness. When your wife complains about the amount of time you spend with your stamps you can point to these and say "but it is not forbidden". Even better this is a beautiful set of stamps that will both look well in your album and will make an excellent gift. All are in fine, mint, NH condition. (shown reduced)

Order No. 8-362 Ten Commandments: $2.95

UNITED NATIONS STAMPS

United Nations stamps are very popular with U.S. collectors who consider them a part of any U.S. collection. Most U.N. stamps are still quite inexpensive enabling you to form an extensive collection with a minimum outlay of cash. The stamps are considered among the most beautiful being issued. This is due to the U.N. employing the top stamp designers in the world rather than just a few individuals working exclusively for them. The following offer is the most reasonable you are ever likely to encounter. All prices are strictly wholesale at the time this is being written. All souvenir sheets are included in their respective singles year groups (with the exception of No. 38 which we list separately). We feel this offer represents a unique opportunity for our readers to either add to their existing collection or to start a collection. We feel sure you will agree that it is a very rewarding collection. All stamps are in fine, mint condition. Most will be "never hinged".

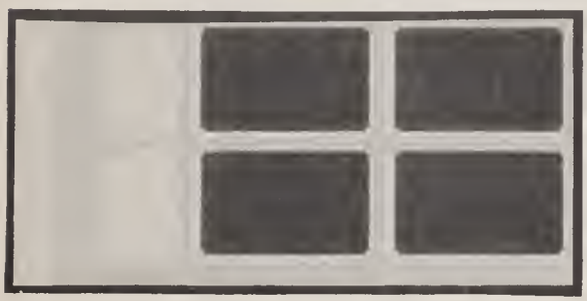
OLYMPIC SEALS

Olympic seals are especially appropriate this year since the summer games were just held in Montreal. Undoubtedly many Americans made the short trip and actually attend. To help you along with your Olympic spirit . . . and for you sportsmen in the crowd . . . these eight seals are just for you. Five of the seals are devoted to the L.A. Games in 1932 and three to the 1940 Helsinki Games. Anyway you look at it, these seals will add dash to your collection.

Order No. 8-358 Olympic Seals - $5.95 the set



1974 Self-Stick Christmas Stamp Trial Printing

To the best of our knowledge, this offering is unique. These stamps have not been reported yet, and considering what they are it is very doubtful that any others will ever show up. If you want to add a priceless item to your collection, don't hesitate as supplies are VERY LIMITED.

What we have here essentially is black ink applied to the actual stamp paper of the self-stick Christmas stamp. These "stamps" are fully gummed and the sheets are complete with selvege labels just as issued. They were created as a test by the company who made these stamps to test the machine used to remove the strips of paper between the stamps. We are certain that if these ever appear in an auction the price will be many times higher than offered here. All are offered on a first come, first served basis so place your order promptly. Naturally all stamps are in fine, mint, never hinged condition.

Order No. 8-359 Self-Stick Trial Printing: Single - $9.95 Block of four: $30.00 Sheet of 50: $350.00

SAN MARINO WALT DISNEY STAMPS

Scott No. 736-45

If ever a set of stamps belonged in your collection, this is it. Not only are Disney's lovable characters depicted in full-color, but the stamps represent an excellent investment as witnessed by the fact that the issue practically sold out on the day of issue and has been elusive ever since. This set will also be a good way to interest your children in stamp collecting. All stamps are in fine, mint, never hinged condition.

U.S. IMPERF ERROR

This 6.3 cent coil, even in ordinary perforated condition, is a sure winner. It was in use for less than two years and its unusual rate, plus its Bicentennial theme place it strongly in demand. This imperforate error then is a double winner. Recently discovered, it is sure to be considered as a major U.S. error. A copy belongs in every U.S. collection. If you want to get in on the ground floor with a stamp you can point to with pride – be sure to order this stamp. Supplies are very limited.

1932 WAYZATA AIRMAIL

In 1932 a corporation entitled Aerial World Tours, Inc., of Minneapolis, Minn., proposed to the Newfoundland Government that if they would supply 400,000 one-dollar air mail stamps, the corporation, would at some future date (if enough could be raised by selling the stamps), fly a passenger and mail load across the Atlantic.

The contract provided that Aerial World Tours, Inc., could requisition and actually withdraw stamps in lots of $25,000 before any flight took place.

The company finally secured a Sikorsky sea plane, and it landed at Wayzata Bay on Lake Minnetonka, Minnesota, on August 31, 1932. It is from this fact that the issue gets its name.

Strenous efforts were made to raise more money and continue plans for the flight, but on September 10, 1932, the Newfoundland Government, convinced that the proposed flight would never take place withdrew from the contract, and ordered the Northwestern National Bank of Minneapolis to destroy the remaining 375,000 stamps printed. This was a death blow to the entire enterprise.

Needless to say this stamp is a must for any collector of Canadian or Newfoundland stamps. All stamps are in fine, mint condition. Most are never hinged.

Order No. 8-312 1932 Wayzata Airmail: $7.95

FOR SPIES ONLY

BY POPULAR DEMAND

During World War I British Intelligence forged these two German stamps for use by their agents in Germany. This was a way of determining that any letter received actually came from the agent rather than from the Germans. These stamps have become exceedingly scarce and hard to locate today and they belong in every British and German stamp collection. We are 99% sure that you don't own these stamps. Be sure to send in your order promptly as we are sure to sell out. All stamps are in fine mint NH condition.

Many people consider Franklin Delano Roosevelt one of our greater Presidents. We won't take sides on that issue but we will say that these four stamps issued to honor his passing are just about due for a significant price increase. The copious supplies that used to be available are no more. If you want to speculate on an item with a future, this is it. All stamps are in fine, mint, NH condition.

1909 COMMEMORATIVES

Scott No's. 367-73 (less 369)

These are the only U.S. commemoratives to have appeared both perforate and imperforate (except the parks). This may be one reason to explain their popularity. Another might be the limited printing of the imperfs. If you have put off purchasing these before, we strongly urge you to give in and get them now. 1907 JAMESTOWN ISSUE

Scott No's. 328-30

Few of us were alive and collecting back in 1907 so we had no opportunity to purchase these stamps in "Post Office Fresh" condition. What is even more important, this set was one of the poorest centered of all U.S. commemoratives. Had we been at the Post Office we could have selected what we wanted then. Now, however, it is a different matter. We have had well-centered sets bring over $400.00 at auction due to condition.

Our offer here is for "Never Hinged – Post Office Fresh" mint stamps. None of these have seen the light of day since they were originally purchased in 1907. We don't claim to have a time machine, but we know you'll think you're back in 1907 when you purchase a set of these stamps.

1935-7 TRANS-PACIFIC CLIPPER

Scott No's. C20-2

Back in the days when airplanes were still a novelty, this set attracted quite a bit of interest. This plane was so plush that it even had berths (with sheets and pillows) for the passengers. Collectors have shown their appreciation by creating a steady and strong demand for this set down through the years. We hope you didn't overlook getting this set. If you did, here is your chance to correct the oversight. All stamps in fresh, clean, mint condition.

Collectors are constantly seeking our advise as to which stamps are going to increase in value in the future. Not having a crystal ball, we are reluctant to put our reputation on the line. What we will do however, is refer to an old price list to check the increases. Did you know that this set (in 1970) sold for a mere $8.75 in Fine condition? Compared to today's price of $21.50 we feel that this set did all right. We can't say what the future will hold BUT . . . who knows? We are fairly certain that you could do a lot worse than to put a set or two of these away for a rainy day. All stamps are in fresh, clean, mint condition.

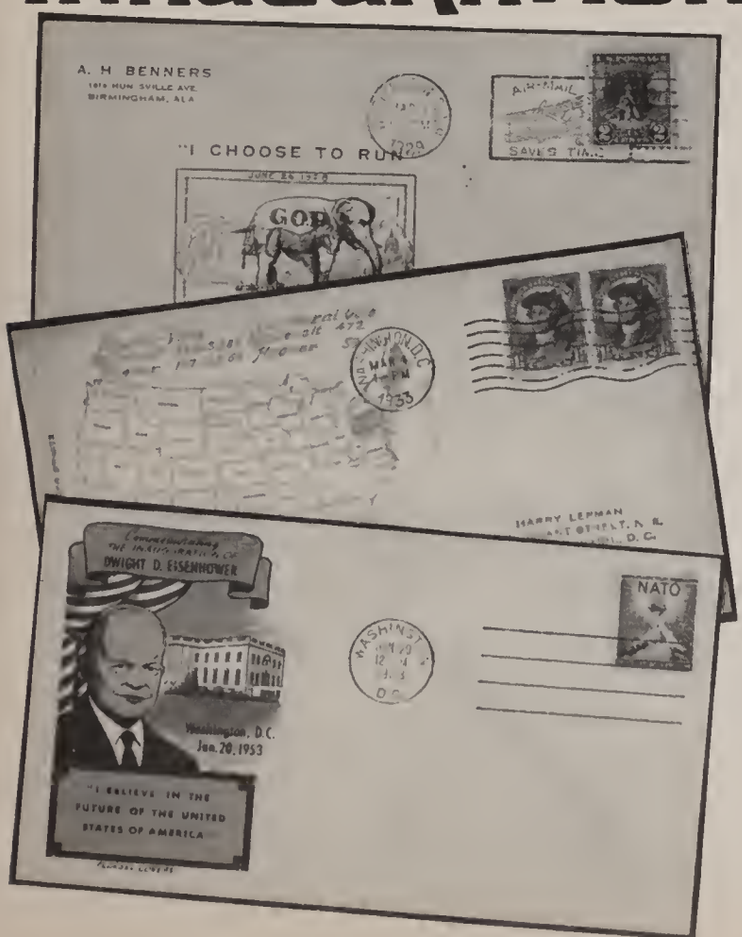
INAUGURATION COVERS



Inauguration covers are among the scarcest political and historical items available to philatelists. Generally speaking, such covers are created only through personal initiative and ingenuity. These covers have a long history of being greatly in demand by collectors and are usually snapped up as soon as they become available.

Through a combination of foresight and luck, we are pleased to be able to offer the following selection of covers. Obviously, many of these covers are in very limited supply, but all are in the finest available condition, each bearing a historically pertinent cachet on the left side of the envelope. They will form a treasured addition to any collection.

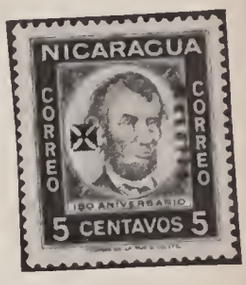
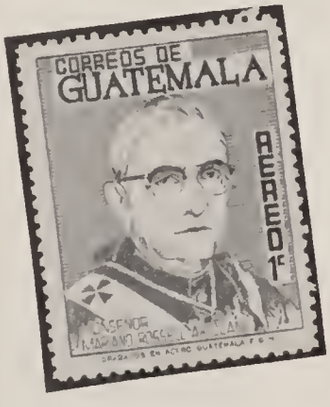
LATIN AMERICA STAMP SPECIAL





Long a neglected area of collecting interest, Latin American stamps are growing in popularity by leaps and bounds. We have recently purchased an extensive dealer's stock of these issues so that now our stock is undoubtedly the finest in the United States. We have made every effort to make these lists as complete as possible, however, if what you need is not listed, please send us a want list. We probably have the stamps in quantities too limited to offer. All stamps offered are in fine mint (many NH) condition. You are sure to be satisfied.

P.S. Many of these issues are available in blocks of four also. All requests will be honored whenever possible in the order of receipt.

P.P.S. Don't forget to include a list of alternate selections.

D.W. GRIFFITH FREAK

SCOTT NUMBER

1555

You would think that the Postal Service would have treated such a famous film maker with a little more deference. This stamp is definitely out of focus and is an insult to any movie-maker ... be he amatuer or professional. While we doubt whether this stamp will ever receive any rewards, we know it will receive the highest marks from you and your friends when it is in your collection. All stamps are in fine, mint, never hinged condition.

No.8-337B D.W. Griffith Freak - Singles: $11.95 Zip Block: $75.00 Mail Early Block of six: $110.00

BUY A "BABY BLIMP"

Sooner or later everyone hopes for a "little addition" to their family. We won't guarantee that the stork will bring this one (more likely your burly postman) but it will be a welcome addition to your stamp family. Like its real counterpart it "grows" every year (in price that is). We feel confident you will reach out your arms to take this "bundle of joy" to your heart. All of our little "babies" are mint clean and fresh.

Scott No. C18

The stamp was issued to commemorate the Century of Progress Exposition and was used on mail carried by the Graf Zeppelin on its flight to the Chicago World's Fair in October of 1933. The German dirigible stopped at Miami, Florida, and Akron, Ohio, before completing its journey to Chicago. The stamp was sold only in these cities and in New York City. Although it remained on sale at the Philatelic Sales Agency until 1935, more than 90 percent of the 3,260,000 stamps printed were eventually destroyed. Shown: the Graf Zeppelin over the Atlantic; its hangar at Friedrichshafen, Germany; and the Federal Building at the Chicago Fair.

Superior possesses probably the finest world-wide stock of stamps in the U.S. today. All countries are well represented in our stock. We can supply both mint and used complete sets back to the early '40's and mint or used, complete or broken sets prior to that. All that is necessary to take advantage of our "want list" service is to send us your list according to Scott catalog numbers and to include an appropriate deposit check (B of A and Mastercharge also accepted). SORRY - WE DO NOT SEND APPROVALS. If you are tired of searching all over for the stamps you need - OUR WANT LIST SERVICE IS FOR YOU!

1928 OVERPRINT COMMEMS

Scott No's. 646-8
(Photo reduced 50%)

Other than the Kansas-Nebraska sets (offered elsewhere in this issue) these three stamps are the only overprinted U.S. stamp issues. By itself that isn't too earthshattering but when you look at the price increases over the last few years (1970 retail - $7.23) you know you had better sit up and pay attention. These stamps should not be ignored as they are definitely going places. All stamps are in fresh, clean, mint condition.

STONED LUCY STONE

In checking the catalog we have learned (would you believe that even one of our secretaries didn't know) that Lucy Stone was a crusader for women's rights in addition to being active in antislavery and temperence movements. She may have done alright in the women's rights and antislavery movements but we have a hunch she was remiss concerning temperence. Why else would she be wearing her name on her head? For those of you who are opposed to "women's lib" (let's hear it men) we even have one stamp without any name at all. These two freaks will make quite an interesting addition to any collection. All are in fine mint, never hinged condition.

The buildings associated with the 3 branches are The Capitol (legislative), The White House (executive), and The Supreme Court Building (judicial). All are in Washington, D.C

ISRAEL GOLD SPECIAL

THE 1974

DAVID BEN GURION COMMEMORATIVE

Or (The Incredible Shrinking Coin)

When first released, this attractive proof coin issued by the Israel Government, was demanding a premium price of $500.00 to $600.00. Obviously, the anticipated success of this commemorative issue was a bit premature. Many collectors, as well as dealers, (including ourselves) paid handsomely for these specimens. Well, it's time to take it on the chin and get back to reality and the true market value. These specimens are beautifully struck in proof condition and are contained in handsome leather-like cases. They measure 35mm, and weigh 2.79 gms. They contain .80 ounces of pure gold. We are offering these specimens in three piece sets which include the silver issues in proof and Brilliant Uncirculated condition. Due to our limited quantity and our unbelievably low price, we have set a limit of one set per customer.

Order No. 8-342A 1974 Ben Gurion - 3 piece Gold and Silver Proof Set: $285.00 (ouch)

1893 COLUMBIAN EXPOSITION COMMEMS

Scott No's. 230-9 *(Photo reduced 20%)*

The Columbian issue seems to be getting scarcer each day. It could be that all of the new collectors started by the Postal Service Advertising program all want to own the first U.S. set of commemorative stamps. Whatever the reason demand is on the rise and so are prices. Do you realize that in 1970 you could have purchased these stamps in Fine used condition for a mere $53.20. Today it would cost in excess of $115.00 at normal retail prices. Since "Money Talks" readers know by now that we have their welfare at heart you can be sure that this special is one well worth purchasing. All stamps are in fresh used condition.

FIRST AIRMAILS

Sometime back we offered these sets in Fine mint condition. Demand was so strong that we still haven't recovered. All we can do now is to offer them in Average. While Average condition isn't as desirable as Fine, it beats not having the set, doesn't it? We feel sure that you will enjoy owning this set at our special price. When and if we ever become able to offer the set in Fine condition, who knows, maybe you'll upgrade and get a Fine set. In any case we feel that these stamps represent a great buy at our special prices. All stamps are in Average mint condition.

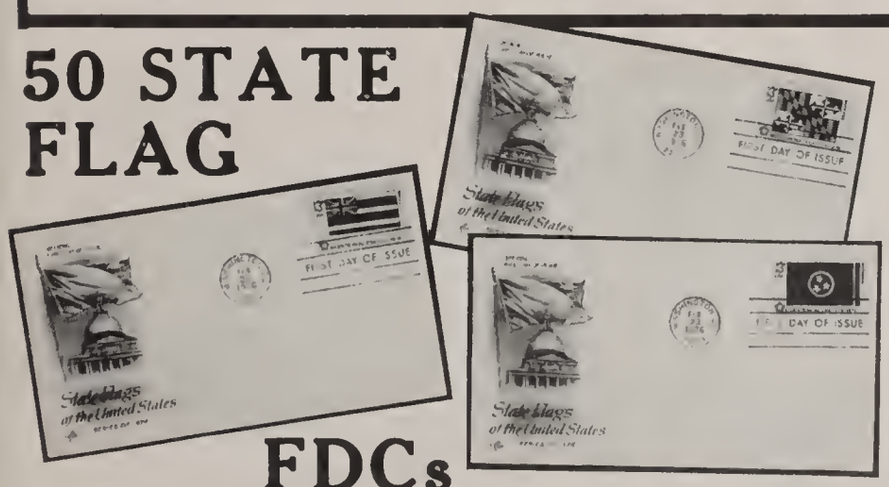
50 STATE FLAG FDCs



This beautiful set of 50 different First Day Covers is the result of the postal services issuing a sheet of 50 different stamps picturing all of the 50 state flags. Due to the large number of covers involved, few dealers were able to stock quantities of these covers. We weren't able to either but we do have some and will sell same while they last.

Souvenir Card Specials

Souvenir cards issued prior to 1971 are considered to be the classics of this collection. Collectors just weren't aware that these cards were being issued during this period. Consequently nobody has any stocks of these cards (even ourselves). Since it is our policy to offer our readers specials even where our supplies are limited, we feel sure you will want to take advantage of our offer. We doubt if we will be able to repeat this offer.

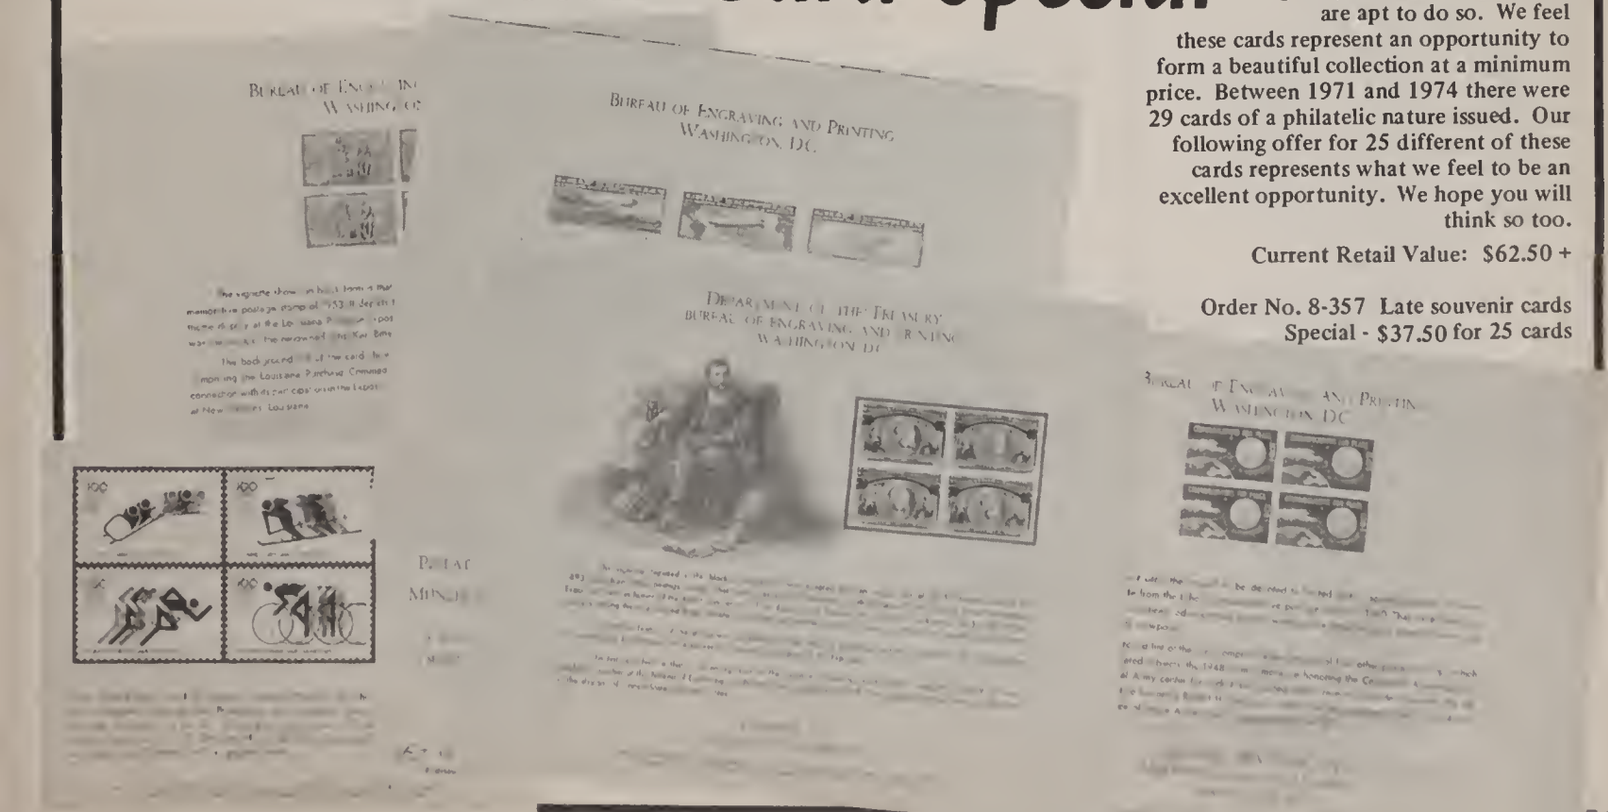
Late Souvenir Card Special



These are the cards issued after 1970 that haven't yet greatly increased in price but are apt to do so. We feel these cards represent an opportunity to form a beautiful collection at a minimum price. Between 1971 and 1974 there were 29 cards of a philatelic nature issued. Our following offer for 25 different of these cards represents what we feel to be an excellent opportunity. We hope you will think so too.

ONE-OF-A-KIND SPECIALS

1776-1876 Centennial Bronze Medal

KH21 is the bronze official 1876 centennial celebration medal. Who would have ever believed that it was kept in the original case of issue and is still in such great shape? The small case includes a slip case and even the gold stamping on the inside of the case is still sharp and clear. This medal, with its purple velvet background must be seen to be fully appreciated. As we say we only have the one, so it goes to the first "Money Talks" reader who responds.

No. 8-300 Centennial Bronze Medal: $100.00

International Exhibition Philadelphia, 1876 Centennial Year

This beautiful medal is struck in white metal and has considerable proof surfaces. Not listed in the HK Catalog, it bears a center portrait of Washington with a wing spread eagle beneath, and two angels aside Washington grasping a wreath of stars. It is one of the most beautiful specimens we have seen and comes with its original box. It was struck by V. Christesen.

1973 Nixon-Agnew Inaugural Medals

RARELY OFFERED MODERN INAUGURAL

The Nixon-Agnew Inaugural Medals from 1973 represents one of the hottest modern issues ever struck due to the sudden resignation of Agnew and then Nixon. We have been hoarding small numbers of the bronze and silver proof issues awaiting just enough to offer our readers. Don't be lulled by this claim, our numbers are truly limited on this hot F.M. issue. With another inaugural around the corner, we feel that renewed collector interest should generate new higher values for this winner.

Order No. 8-306 Nixon-Agnew Inaugural Medal Bronze (Regular price $22.50) - Special: $14.50

GOLD INGOTS ARE THE IN JEWELRY!

This quarter ounce, pure gold ingot is struck by Credit Suisse and it's really the "in" thing as jewelry. We have taken these small ingots and attached a lovely loop for wearing around the neck or on a charm bracelet. They are reasonably priced and truly a great investment as they are priced on their bullion content. Our supply is limited and prices are subject to change. Take a look around and you will see that this modern form of jewelry is attracting more attention than ever before.

Order No. 8-308 GOLD INGOT (¼ oz. pure gold): $62.50 each

Now You Can Join!

THE BRITANNIA COMMEMORATIVE SOCIETY

The series of medals issued by the Britannia Commemorative Society has long been a popular series and seldom available during the past few years. The medals honor outstanding people, places, and events in the history of Great Britain. The dies were made at the Franklin Mint and then sent to Great Britain where the medals were struck. A total mintage of 1,395 pieces of each issue is struck and they are issued in .999 pure silver. They measure a large 45mm and their proof surface is really outstanding. The sets available are up-to-date and ownership will be transferred to those ordering the sets. Each new issue is sold at the rate of $11.20 and is a considerable bargain since this price was set almost nine years ago when silver was selling for prices much below the current levels.

The B.C.S. series honors many important subjects and people such as William I, and the Magna Carta, along with Queen Victoria, and Winston Churchill, and William Shakespeare. Elizabeth I, and Isaac Newton, and King Arthur are also portrayed. The list goes on, and on, and you must examine the fantastic proof quality of these medals. Each is packed in a clear plastic case and then placed into handsome albums to house the series. Our few sets available are completely up-to-date with 55 pieces and naturally include the subsequent issues as released at the rate of approximately one every two months.

The market value of this important and popular series is an important consideration. We expect that demand for this series will continue to grow and its historic significance is as prime a factor as its bullion content in determining its popularity.

Order No. 8-309 British Commemorative Society Set of 55 pieces with rights to remaining medals as issued: $595.00

1970 NORMAN ROCKWELL CHRISTMAS PLATE

The first annual Christmas plate in the Rockwell series was the 1970 issue and it is still highly prized by collectors as the original Franklin Mint introduction into the plate field. The sterling silver plate measures 8" in diameter and is from a mintage of 18,321. We have a limited quantity available to our "Money Talks" readers at a very special price which is just $250.00. We realize that current market prices have been in the $400.00 range and anticipate that during the hectic Christmas Season that once again the prices will rise as they have in the past. Order promptly. All plates in original boxes.

Order No. 8-310 1970 Rockwell Christmas Plate: Special price - $240.00

ALL NEW BRITISH COMMONWEALTH STAMP SPECIAL

The following special has been completely revised from that which was offered previously. Many sets previously sold out have been restocked. Many new sets have been added. Of particular importance in the offer are the British regional issues. These stamps are exceedingly popular and this is the first time we have been able to offer them. All stamps listed here are in fine mint condition (many are NH). Many are obviously in short supply so we would recommend your including a list of **2nd choices** with your order. Every effort will be made to supply as much of your primary order as possible.

P.S. If you don't see the exact stamps you need in the list, the odds are we have them available in quantities too limited to offer. We strongly recommend your sending us a want list for your special needs.

"THE GENOA DENARI HOARD"

HAMMERED STRUCK SILVER DENARI

(Minted between 1139 to 1339 A.D.)
OBVERSE: IANVA, Castle surmounted by a cross.
REVERSE: CVNRAD' REX, small cross.

IANVA is the Latin form of Genoa and the name CONRAD commemorates the giving of the mint right to Genoa by Conrad III, the first Hohenstaufen to become a Holy Roman Emperor.

HISTORY
The great seaport of Genoa was actively engaged during the period of these coins in transporting men and supplies to the armies of the FIRST CRUSADE. Perhaps, this hoard of 12th century silver coins was part of the life savings of a Genoan sailor or, perhaps, payment to some troops who took part in this historic movement as these coins were found buried in a field near Istanbul.

QUALITY
Apparently, the coins were buried soon after minting since they show no actual wear and are virtually in the same condition as struck! From the several hundred specimens found, we have carefully selected only the finest examples. Each coin is struck perfectly centered and with full legends.

Order No. 8-365 Silver Denari from Genoa: $10.00 each

1941 COSTA RICA SOCCAR CHAMPIONSHIP

Scott No. 201-8

This set is getting scarcer every year. We were fortunate in recently acquiring from an investor a small group of these sets. All are in fine mint condition. If you like a solid investment set, or just happen to need this set in your collection don't hesitate. At this price you can't go wrong. LIMIT OF ONE SET PER PERSON. (Scott Catalog Value: $79.50)

No. 8-366 1941 Costa Rica Soccer Championship: $29.95

1976 BICENTENNIAL SOUVENIR SHEETS

These are the souvenir sheets that have aroused worldwide interest. Due to printing problems, only 4 million of these sheets were issued (compared to a normal printing of 150 million). Worldwide interest in the Bicentennial, plus U.S. collecting interest alone could have absorbed 50 times this sum.

We considered ourselves fortunate in having been able to acquire a small stock of these beautiful multicolor sheets. Although we project that these sheets will be selling in the $20.00 range by next year we have decided to make this limited offer to our readers as an example of our "Money Talks" specials. For those of you who were unable to acquire a set of these sheets for their collection, or who want to put some away for a rainy day, the following special is for you. All sheets are in fine, mint, NH condition, in their original special postal service folder.

Order No. 8-367 1976 Bicentennial Souvenir Sheets - $8.95 per set

BICENTENNIAL FIRST DAY COVERS

This special is designed to allow you the collector to put together a complete collection of these covers as a lasting memento of this historic year. All covers are clean and unaddressed. All bear a beautiful cachet on the left hand side of the envelope.

No. 1. 30 different all Bicentennial stamps issued between 1971 and January 1976 (includes "Spirit of 76" strip of 3 F.D.C) - $36.00

No. 2. 50 State Flags F.D.C. (50 different covers) cancelled in Washington D.C. - $45.00

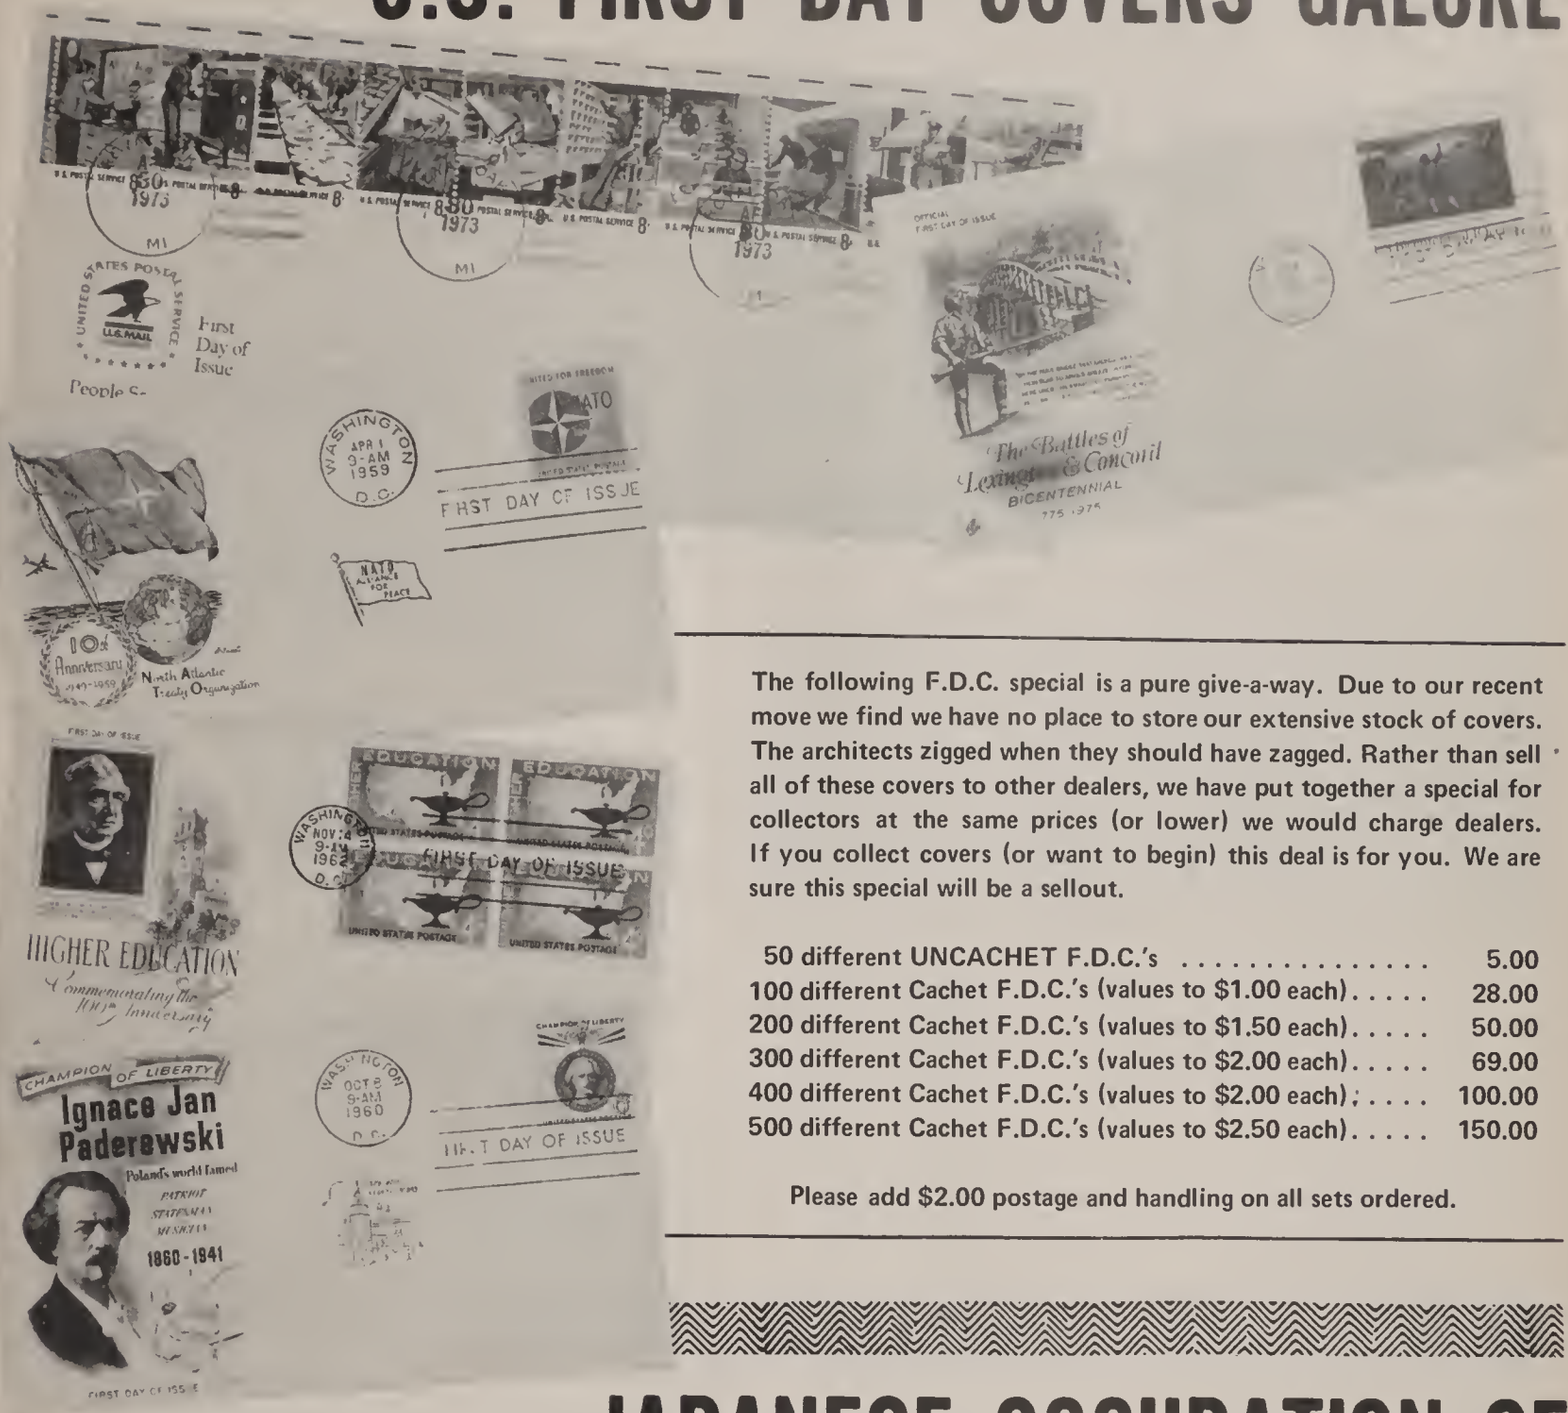
No. 3. 50 State Flags F.D.C. (50 different covers) each cancelled in the State Capital of the appropriate state - $55.00

No. 4. 4 INTERPHIL Souvenir sheets (only 2 million of these sheets were issued making these F.D.C.'s very rare) - $17.50

No. 5. 9 INTERPHIL covers bearing special show cancels (each cancellation was in use for only 1 day during the show) - $20.00

No. 6. Special Unit Price (143 different covers) - $119.95

U.S. FIRST DAY COVERS GALORE



The following F.D.C. special is a pure give-a-way. Due to our recent move we find we have no place to store our extensive stock of covers. The architects zigged when they should have zagged. Rather than sell all of these covers to other dealers, we have put together a special for collectors at the same prices (or lower) we would charge dealers. If you collect covers (or want to begin) this deal is for you. We are sure this special will be a sellout.

100 different Cachet F.D.C.'s (values to $1.00 each)	28.00

JAPANESE OCCUPATION OF THE NETHERLANDS INDIES

Scott No. N15-26

This is the first time in our over 40 years of business that we have ever had a quantity of these sets to offer our clients. This set, issued for use in Sumatra, is a must for every collector. It belongs in every collection of Netherlands and Colonies and Japan. To make things even better, all stamps are in fine, NH condition.

Scott Catalog Value: $18.02

Order No. 8-368 Japanese Occupation of the Netherlands Indies - $9.00

AMERICAN BICENTENNIAL FOREIGN ISSUES

Many of the world's countries are paying tribute to the U.S. Bicentennial by issuing stamps picturing U.S. history and personages. Most of these issues are reasonably priced and beautifully printed. As time goes on these sets will be difficult to locate as demand greatly exceeds supply. Although we have a Bicentennial new issue service, which provides these issues automatically, many of our readers are not on it. We therefore offer our other readers the opportunity, via this list, to purchase some of these Bicentennial issues. Many supplies are limited, so don't hesitate. All stamps are in fine, mint, NH condition.

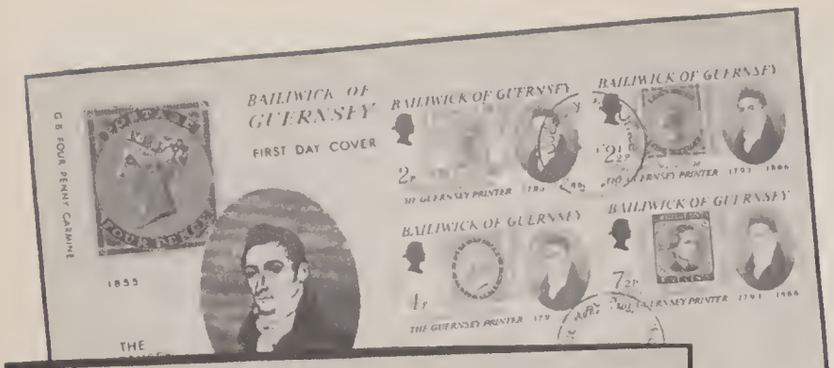
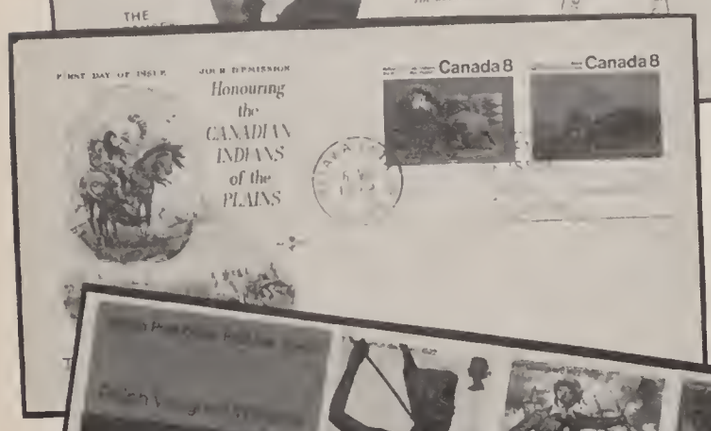
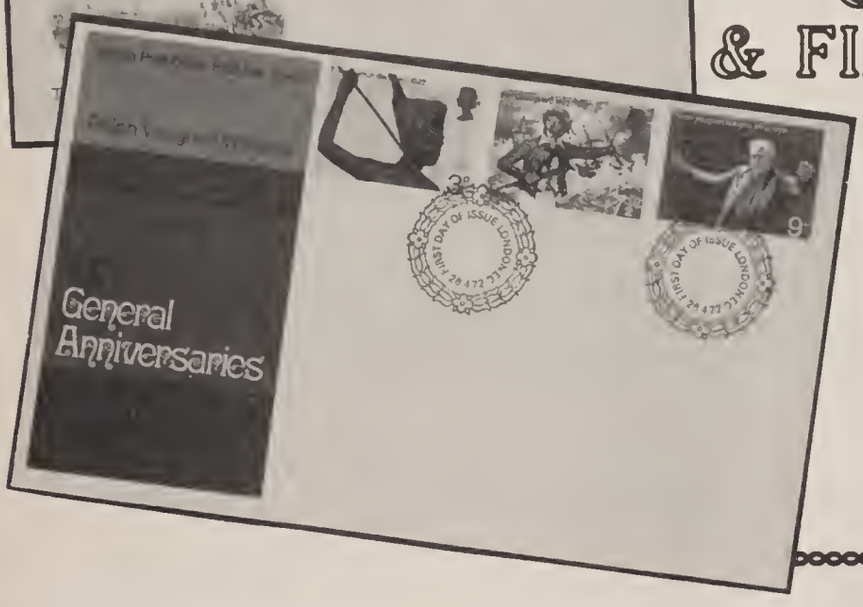
END OF FOREIGN BICENTENNIAL ISSUES







BRITISH & COLONIAL COMMEMORATIVE & FIRST DAY COVERS

We have never before been able to offer our readers foreign covers. One reason has been that we have never had any quantity. Another is that what we had was grabbed up before we could offer it. British covers are considerably more attractive than U.S. F.D.C.'s as you will see when you receive your order. We expect this offer to be a sure sellout as many of the covers will be in the $50.00 - $100.00 price range.

No. 8-369 10 diff. British & Colonial covers: $15.00
No. 8-370 25 diff. British & Colonial covers: $37.50
No. 8-371 100 diff. British & Colonial covers: $150.00

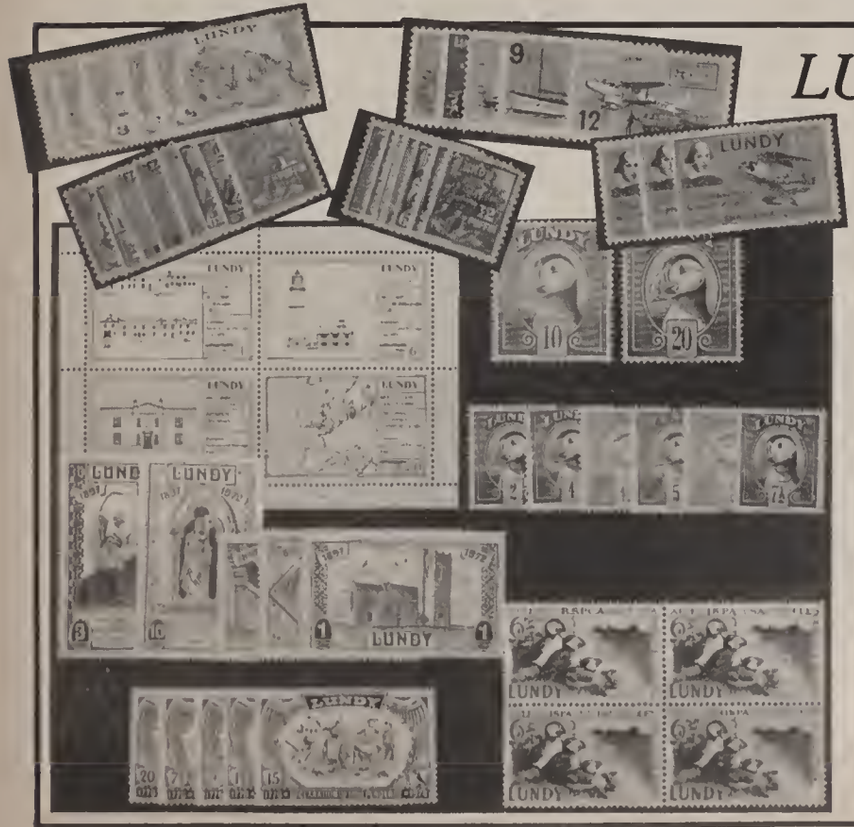
Recently Viking I landed on the Martian surface. In commemoration of this historic event and as a salute to our Bicentennial celebration, the Viking I Mission to Mars will crown, "Man's Greatest Scientific Achievement".

The Philatelic Numismatic Cover, or PNC, is an accepted method of commemorating historic events and eagerly sought by both stamp and coin collectors. We are pleased to be able to present an issue so limited in quantity that no additional announcements can be made in any newspaper or publication. Only 1,000 serially numbered "1976 Bicentennial Exploration Commemorative" PNC's will be struck.

Each beautiful cover will feature:

* The historically significant Bicentennial Postal issue.
* The United States in Space postal issue.
* The official Post Office cancellation from MARS, Pa. on the date of landing.
* The 1976 proof Eisenhower Bicentennial dollar which will feature a special counterstamp over the moon with the motto, "Viking I (and the date).
* Specially designed cachet featuring "the Martian surface".
* A serially numbered registration on each cachet.

Order No. 8-374 Viking-Mars Bicentennial PNC cover: $18.00



LUNDY ISLAND STAMPS

Long ignored by collectors due to its private ownership and stamp issuing practices, this island is now administered by the Landmark Trust of England which is a non-profit organization in charge of parks and national monuments. It would appear that Lundy has now gone "legitemate" in the manner of Guernsey, Jersey and the Isle of Man.

Lundy is the only country in the world who values its money in "PUFFINS" a bird pictured on its stamps and found on the island. This special offer of 55 different stamps and one souvenir sheet will enable you, the collector to have a representative selection of these fascinating issues in your collection before they are gone the way of all lost opportunities. All stamps are in fine, mint NH condition.

Special Bonus — A beautiful map and information packet about Lundy FREE with each order.

Order No. 8-375 LUNDY ISLAND STAMPS: $15.95

ANCIENT CYLINDER SEALS

The origin of the cylinder seal precedes the invention of writing. Cuneiform documents were legalized by personal seal impressions in Mesopotamia and Egypt during the third Millenium B.C. and in Syria, Palestine, Anatolia and Babylonia. Through Assyrian times, seals increased in popularity and by 700 B.C. were replaced by stamp seals during Persian times. Cylinder seals are magnificent artistic miniatures and represent impressive examples (and impressing as well!) of the art forms of early history. Unless acquired from personal collections they are almost impossible to obtain and are true collector's finds. Ancient scrolls of history literally unroll, as each seal moves across a piece of clay, revealing by its impression a unique historical document. Carved in hard stone, in choice condition, each is accompanied by a certificate of authenticity. Please order by number; give alternate choice if possible as no two are alike.

FAMOUS AUTOGRAPHS

Confederate States Generals

This collection (of about 420 signatures of Confederate Generals) was compiled by Capt. Jonathan Mayer, a Confederate officer attached to the Adjutant General's Office. Only one four star General is missing, while every three star and two star is represented along with most Brigadiers. The signatures are mostly on dispatches, forwarding endorsements (in some cases the entire document is included) and other official correspondence. 500 pages of biographical information which lists the battles, highest rank achieved, and other accomplishments accompany the collection. Among the famous names included are Lee, Longstree, Pickett, Bragg, Hood, Hill, Stuart, and Forrest. Naturally, this collection is unique and no other like it exists.

Egyptian terra cotta molds, dating from circa 1st millenium B.C. and measuring over 1", were once used to manufacture amulets (magic inscriptions). CANADA

Next to U.S. stamps we get more calls for Canadian stamps than for any others. One reason for this may be the excellent investment potential and appreciation of Canadian stamps. Canadian issues seem to increase in value year in and year out. To accommodate those of you who already collect (or wish to start collecting) Canadian stamps, we have put together the following collection. The collection contains 350 all different, all mint stamps issued between 1898-1974. Mostly all will be in fine condition. When you stop to think that Canada has only issued about 800 different postage stamps, this can't help being an excellent buy. The retail on this collection, if purchased individually would be in excess of $100.00. You can't go wrong, this is an excellent buy and investment.
